## > Introduction

The aim of the SILC summer school is to provide you with a first-hand economic, cultural and historical experience. The Chinese classes, business lectures and industry fieldtrip ensures you a good understanding of the business communities in the emerging market. Through the tour, you will enjoy the cultural centres in Shanghai and discover the underlying values of Chinese culture and history. During your first week in the summer school, you will be located in Jiading campus, with the unique combination of modern new city and traditional old town. While in the second week, you will be accommodated in our Yanchang campus in the city centre. You will enjoy the unique charm of this world-famous metropolis.

With Business School and Enterprises behind, you are offered a fast track to observe the Chinese macro-economic landscape, local business environment and the unique Chinese enterprise management model. All the lectures are carefully tailored by professors to the international students and the workshops and seminars are deemed to be inspirational. The market visit and enterprise visit would make this oriental business journey more fun and meaningful.

Chinese Language and Culture classes are another attraction of SILC summer school. SILC has invited experienced Chinese teachers to teach you and enthusiastic Chinese student volunteers to join you. Chinese will not only be taught but also practiced. A fundamental understanding of Mandarin will not only assist you in dealing with everyday life in China, and also gives an access to get deep into Chinese culture and the local community.
